ir,

I have the honour to bring to your kind notice tha he sales of articles manufactured in the Bangalore Central Ja re very much retarded, chiefly due to the location of the sal oom inside the Jail. The articles turned out in the differe ndustries of the Jail to xxx suit the tastes and the present equirements of the public at large are not finding a ready sa or the above said reason as the general public will hesitate inside the Jail on some sentiment or other.

In order to avoid this impediment and to increase t sales of Jail made articles with a view to show some profit to Government it is proposed by the Superintendent to open a sale room out-side the Jail on a small scale in addition to the one existing inside it, so that each variety of article manufactu in the Jail may conveniently be exhibited there and intending purchasers may book their orders without any necessity of going the Jail. A portion of the present Guard-Room with certain alterations as per rough sketch herein enclosed will serve the purpose and the Superintendent will get the work done by convi labour at a probable cost of Rs. 17/-.

I request that in view of the development of the Ja Industries you will be so good as to obtain sanction of Gover for allowing this arrangement to be made by the Superintenden the Bangalore Central Jail as an experimental measure.

I have the honour to b
